# OPEN CALL

## Open House

MOSAIK invites you to open your doors.

We are looking for people in Kreis 4, 7 and 9 who are already creating shared spaces with others.

### WHAT IS AN OPEN HOUSE?

Open House is a simple invitation:

Open your activity to new people.

It can be a reading group, a film club, a dance or music workshop, a community gathering, or any cultural activity you are already doing. You don't need to invent a new format, just open what already exists.

You continue what you do, but you welcome new faces.

### WHAT IS IT ABOUT?

Every space has its own way of welcoming.

In every gathering, we are sometimes hosts and sometimes guests. These roles shift depending on who invites, who gathers, who joins spontaneously.

Open House is a moment to reflect on this together.

To notice how we welcome, how we meet, and what happens when new people enter a space.
